November 15, 2019

Dear Family,

We completed the MAP Testing in First Grade. MAP Testing is the replacement test for the IOWA Basic Achievement Tests. We will send the results of the reading and math tests as soon as they are available. Thank you for sending in the headphones. The class did a great job!

Remember that on Friday, November 22nd, Kindergarten and First Grade will have our Thanksgiving Program. The program begins at 11:00AM in the church. You are invited to lunch following the program around 11:30AM. All students can wear dark pants (jeans are fine too) and a white, black, or gray shirt. Girls can wear pants or a long dark skirt if they want. We will try to look like pilgrims as best as we can. Don't feel as if you have to go and buy anything special. Gray, white, and black, are the key pilgrim colors. We will make a pilgrim costume to go with it at school. I hope you can join us! Remember to send in the slip from the newsletter if you are coming for lunch so the cook knows how much food to prepare.

In Christ,
Mrs. Harbig
